Preface

The 1983 National Jail Census, the fourth enumeration of local confinement facilities since 1970, was authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. 3732), to assess the needs of the Nation's jails.

The findings of this report were made possible through the patient efforts of administrators and practitioners in the Nation's local correctional facilities. BJS hopes that these data will be useful to Federal, State, and local correctional administrators, researchers, practitioners, and academicians in understanding the characteristics and needs of local correctional facilities.

The 1983 National Jail Census collected data on facilities, inmates, programs, employees, and expenditures for local correctional facilities throughout the country.* The reference date for the census was June 30, 1983. Annual data are for the fiscal year as defined by each facility.

Detailed findings of the 1983 Local Jail Census are presented in five volumes, available separately or together:

FROM THE DIRECTOR
BUREAU OF THE CENSUS

On behalf of the Bureau of Justice Statistics of the Department of Justice, the Bureau of the Census is conducting a census of the Nation's jails. The purpose of the census is to obtain current information on the Nation's jail facilities. This information was last collected from all jails in 1978. The data will be used to assess the needs of the Nation's jails and will be made available to state and local correctional officials and the public.

In order to complete data collection as soon as possible and permit early publication of census results, we will appreciate a prompt response, preferably within 3 weeks. If there are any items on the questionnaire for which answers cannot be readily obtained from available records, please provide reasonable estimates and indicate them with an asterisk (*). If we can be of help in completing the questionnaire, please call the Bureau of the Census on (301) 763-2896.

This report is authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. 3732). Although response to this Census is voluntary, your participation is needed to make the results of this census comprehensive, accurate, and timely.

Sincerely,

Bruce Chapman

If there are any items on the questionnaire for which the answer cannot be obtained from available records, reasonable estimates are requested. Simply indicate these estimates with an asterisk (*).

► Section I — DEFINITIONS

Juvenile — For the purposes of this report, a person of juvenile age is still considered a juvenile even though tried as an adult in criminal court.

A juvenile is a person subject to the exercise of juvenile court jurisdiction for purposes of adjudication and treatment based on age and offense limitations as defined by State law.

Adult criminal offender — A person subject to the original jurisdiction of the criminal court rather than the juvenile court because at the time of the offense the person was above a statutory age limit.

For purposes of this report **youthful offenders** should be considered adults. A **youthful offender** is a person adjudicated in criminal court, who may be above the statutory age limit for juveniles but below a specified upper age limit and for whom special correctional commitments and special record-sealing procedures are made available by statute.
